UNIQUE STANDARD FEATURES

- **PATENTED QUADROD R LINKAGE:** Most rigid, rugged and accurate linkage in class
- **SEALED, SHEILDED & LIFETIME LUBRICATED HARDILUBE R BUSHES:** Never require greasing
- **TWIN, CLOSE COUPLED WHEELS:** Slim design enhances manoeuvrability and visibility
- **UNDERSLUNG WHEEL PIVOT:** Reduces wheel scuffing in turns & reversing direction
- **PIVOTING REAR BLADE:** Reduces material packing between blades, increasing accuracy
- **TWIN PARABOLIC MIRRORS:** Provide optimum visibility of blade & both side wings
- **GRADUATED RECEIVER POLES:** Quick, easy setup, no tape measure required
- **HI- PERFORMANCE PROPORTIONAL VALVES:** Optimum control, immune to back pressure

QUADGRADE R CONTROL SYSTEM WITH:

- **ADJUSTABLE GRADE HEIGHT RECEIVERS:** Adjust grade height without leaving the cab
- **AUTOTUNE FEATURE:** Self tunes to base machine, no technician required
- **INTEGRATED MANUAL OVER RIDE:** Manual control from screen module inside cab

OPTIONAL EXTRAS

- **CLIP ON FRONT SCARIFIERS:** Scarify compacted surfaces up to 50mm (2") below grade height
- **DIRECT CONNECT:** Control your SharpBlade directly from the joysticks for effortless operation
- **SONIC TRACKER:** tracks a string line for contour profiles such as curbs, fits either side of blade
- **3D control:** GPS & TPS options available
