FLEXIBLE SOLUTIONS FOR YOUR BUSINESS NEEDS

WE HAVE A RANGE OF MACHINES TO SUIT YOUR NEEDS

DUAL GRADE:

Automatically, simultaneously adjusts the up/down and left/right plane, with manual override control.

This allows complex jobs that require multiple grades or falls to be completed with ease in each pass.

SINGLE GRADE:

Designed for simplicity and ease of use, perfect for sites that require a single level.

COMPACT SERIES:

With a blade width of 1.8m and a retracting front wheel option, this machine is perfect for house sites, where getting into tight spots can be a real issue.

TESTIMONIALS

"My SharpGrade Leveller has more than trebled my finishing efficiency. I can carry, trim and back blade on grade in either direction. I would not be without it."

Chris Foote, Chris Foote Design and Build Ltd.

"My SharpGrade Compact Leveller is the best investment I've ever made."

Jayd Queenin, Kiwi Bobcats and Landscaping Ltd.

HIGH STRENGTH QUADROD® LINKAGE SYSTEM

Our unique, patent-pending high strength linkage system with maintenance-free connections provides the ultimate in reliability.

- No siding plates to wear or bend.
- Twin cylinders placed outboard for maximum strength and accuracy.

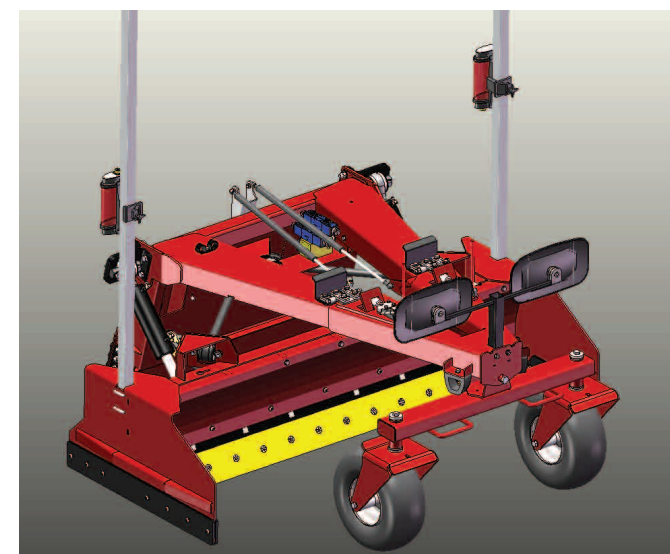

TWIN HINGING BLADES

- Work twice as fast in either direction.
- Back blade while you cut and trim, in either direction.

3D CAD DESIGN & FEA STRESS ANALYSIS

Progressive Equipment utilises the latest computer technology when it comes to the design and manufacture of our equipment.

RETRACTING WHEEL OPTION

Allows you to work right up to walls, edges etc.
